YOUR MATERNITY SESSION

WELCOME TO OUR BEAUTIFUL BOUTIQUE STUDIO!

We are located on a quiet leafy street in Pymble, in the heart of Sydney's breathtaking Upper North Shore. Our friendly studio provides the perfect environment for private and personalized experiences. We often use our lush garden as well for natural, green and flowery backdrops.

Enjoy snacks, tea, coffee and soft drinks on us whenever you need a break during your session.

Bring your family with you! There is no extra charge for close family members to be present at your session and be on the portraits.

MATERNITY PHOTO SHOOT GOWNS

Choose from over 60 stunning maternity photo shoot gowns, dresses and accessories!
From classic, couture, designer, lace, silk, tulle and many more, you will be able to find the ones that suit you best. We don't limit how many of them you would like to try on during your session.

GOLDEN HOUR LIGHTS

Our maternity sessions can be combined studio and outdoor sessions. Experience your glamour style photo shoot in the studio in the morning, and meet us again in the evening at a beautiful location to capture memories in a different light!

BELLY CASTING

The Belly Cast is a special memory of your beautiful baby bump and can be used as a unique prop at your newborn portrait session. We included it as a gift with our BumpToBaby Bundles.

What is the Best Time

FOR MATERNITY PORTRAITS?

The best time for maternity portraits is sometime between 26-34 weeks of pregnancy.
The ideal time can be different individually and depends on many things like the size of the baby, the built and height of the expecting mum, and if she has any issues during her pregnancy.

The best advice is to have your maternity photos taken when your belly already obviously shows and you are feeling great and up to it.

It is always a good idea to come for a pre-shoot consultation sometime during the second trimester and discuss the best time individually.

YOUR NEWBORN SESSION

RELAX AND ENJOY THE EXPERIENCE

We all know how it feels when you become a parent. It is wonderful and exciting and emotional - and life has just become very hectic. Let us take care of everything for you, from wardrobe and image styling to snacks and drinks and quiet time when needed.

Our family room provides a peaceful space to feed and change your baby and to have a break every time you and your baby need it. We also offer toys and books for older siblings to keep busy.

Enjoy tea, coffee, snacks and refreshments on us, just like at your maternity session.

Our quiet and peaceful studio guarantees a relaxed, private and undisturbed experience.

NEWBORN PROPS

Browse from our wide range of newborn props, outfits, accessories and mama gowns.

Our newborn sessions include 5-6 different props and setups, plus family photos with 2-3 different backgrounds and outfits.

GOING TO YOU

We understand if you feel more comfortable in your own home with your newborn baby. We are more than happy to go to you and capture memories in the comfort of your home. We would bring some props, accessories, and lights with us to make sure that the images turn out perfect.

PROFESSIONAL MAKEUP & HAIR STYLING

With both your maternity and newborn sessions we are happy to organize one of our talented makeup artists and hair stylists to help you get ready.

What is the Best Time
FOR NEWBORN PORTRAITS?

The best time to photograph your newborn baby is when he/she is 10-14 days old. This is the perfect time to take peaceful sleeping images of them and show how tiny they are.

If - for any reason - you are not able to bring your baby so early, it is perfectly fine, beautiful moments can be captured later as well, when the baby is a bit "older". For example, 8-10 week old babies can already hold their heads, they smile and interact with the parents. We consider our baby portrait sessions newborn sessions for up to 3 months old babies.

We recommend to book your session a few weeks ahead because our calendar fills up quickly.

The Viewing

CHOOSING YOUR IMAGES

After each portrait session we will hand select the best of the best shots from your session. We are going to choose only the epic images from the day, about 40-50 of them.

We are going to have another appointment, your reveal session, where we will show you a cinematic presentation of the images and then you get to choose your favorite ones.
We will give each of your chosen images a signature retouch and will also design and order the printed art you choose with your collection.
