Remember THESE MOMENTS

"Being a family means you are a part of something very wonderful. It means you will love and be loved for the rest of your life". – Lisa Weed

How true is that! And this is exactly why it is so important to capture memories of every stage of life, so you can always look at them with fond memories and cherish every moment again and again.

Our fine art stretched canvases have been very popular throughout recent years. We can even design a canvas collage for your wall.

The Viewing

CHOOSING YOUR IMAGES

After your portrait shoot I will hand select the best of the best shots from your session. I'm going to choose only the epic images from the day, about 40-50 of them.

We are going to have another appointment, your reveal session, where I will show you a cinematic presentation of the images and then you get to choose your favourite ones and decide on your portrait collection.

I will give each of your chosen images a signature retouch and will also design and order the printed art you choose with your collection.

Payment for images, printed art and portrait collection is due at the reveal session.

Important Notes

We will ask you to pay the session fee at booking, to secure your appointment with our team.

Individual digital images can be purchased in addition to your chosen portrait collection.

We also offer museum grade mounted and framed fine art prints and fine art stretched canvases.
